Product Info

urinary health

Our specialized 1st Choice URINARY HEALTH formula helps adult cats whose urinary system requires special attention.

1. **Decreases urinary pH** > sodium bisulfate, DL-methionine
2. **Prevents the formation of urinary stones** > calcium and phosphorus, DL-methionine
3. **Prevents the formation of oxalate stones** > a record low magnesium rate of 0.07%
4. **Stimulates the immune system** > cranberries, high in antioxidants
5. **Reduces the risk of urinary tract infection** > cranberries, powerful antibacterial action

External laboratory tests* have shown that 100% of cats fed our URINARY HEALTH formula achieve an optimal urinary pH, helping prevent crystal and stone formation.

RECOMMENDED pH

scientific study proves that this formula helps reduce urinary pH

LOW MAGNESIUM

helps prevent the formation of oxalate stones

CRANBERRIES

antioxidants help maintain a healthy immune system

MADE IN CANADA
family owned
